## MATIÈRES EXTÉRIEURES EXTERNAL MATERIALS

	1	2	3	4	5
<b>900D</b> Tissu renforcé réalisé avec un fil résistant. Fabric reinforced with resistant thread.	[Green bar from 1 to 5]				
<b>AEROMESH</b> Mélange de mesh et de polyester offrant confort et sécurité. Mix of mesh and polyester for more comfort and security.	[Green bar from 1 to 5]				
<b>CANVAS</b> Tissu en nylon touché coton. Nylon fabrics with a cotton feel.	[Green bar from 1 to 5]				
<b>Made in BERING</b> <b>CITEX</b> Maille souple utilisée pour les produits Metro. Flexible mesh used for Metro products.	[Green bar from 1 to 5]				
<b>CORDURA INVISTA®</b> Une fibre textile particulièrement solide et résistante à l'abrasion. A textile fibre which is particularly solid and resistant to abrasion.	[Green bar from 1 to 5]				
<b>Made in BERING</b> <b>COREX</b> Coton polyester. Polyester cotton.	[Green bar from 1 to 5]				
<b>DENIM CORDURA®</b> Tissu en jean renforcé. Polyester cotton.	[Green bar from 1 to 5]				
<b>DENIM STRETCH</b> Tissu en jean souple en élasthane et renforcé. Fabric in soft denim with elastane and reinforced.	[Green bar from 1 to 5]				
<b>Made in BERING</b> <b>FIBRE TECH</b> Matière synthétique souple et résistante. Soft and resistant synthetic fabric.	[Green bar from 1 to 5]				
<b>LAMINE GORE-TEX®</b> Matière imperméable et respirante issue du GORETEX®. Waterproof and breathable technology by GORETEX®.	[Green bar from 1 to 5]				
<b>MESH</b> Tissu permettant une aération optimale. Fabric providing optimal ventilation.	[Green bar from 1 to 5]				
<b>MICRO LIGHT</b>	[Green bar from 1 to 5]				
<b>NÉOPRÈNE</b> Coton polyester. / Polyester cotton.	[Green bar from 1 to 5]				
<b>NYLON®</b> Fibre textile souple et résistance. Soft and resistant textile fibre.	[Green bar from 1 to 5]				
<b>PONGE</b> Matière fine avec un touché «de peau de pêche». Thin fabric with a «soft-skin» feel.	[Green bar from 1 to 5]				
<b>POWER TECH®</b> Une fibre textile particulièrement solide et résistante à l'abrasion. Textile fibre which is particularly solid and resistant to abrasion.	[Green bar from 1 to 5]				
<b>SERICA</b> Mix de coton et de polyester. Mix of cotton and polyester.	[Green bar from 1 to 5]				
<b>SOFTSHELL</b> Matière confortable, souple, respirante. Comfortable, soft and breathable fabric.	[Green bar from 1 to 5]				
<b>TASLON</b> Type de nylon souple. Type of soft nylon.	[Green bar from 1 to 5]				
<b>Made in BERING</b> <b>URBAN TECH</b> Maille souple utilisée pour les produits Metro. Flexible mesh used for metro products.	[Green bar from 1 to 5]				

# ICONOGRAPHY

## BARRIÈRE THERMIQUE THERMIC BARRIER

	1	2	3	4	5
<b>POLAIRE</b> Matière confortable et chaude. Comfortable, soft and breathable fabric.	[Yellow bar from 1 to 2.5]				
<b>POLARTECH®</b> Tissu offrant une protection optimale contre le froid et les intempéries. Inner lining for gloves providing protection from cold.	[Red bar from 1 to 4.5]				
<b>PRIMALOFT®</b> Isolation performante résistante à l'eau. Water-resistant and effective insulation.	[Red bar from 1 to 4.5]				
<b>SOFTYLINE®</b> Doublure intérieure pour les gants protégeant du froid. Inner lining for gloves providing protection from cold.	[Yellow bar from 1 to 2.5]				
<b>THINSULATE 3/M®</b> Isolant thermique. Thermal insulator.	[Red bar from 1 to 4.5]				
<b>WIND STOPPER®</b> Membrane coupe vent. Wind stopping membrane.	[Red bar from 1 to 4.5]				
<b>ZIRTEX®</b> Matière qui augmente l'effet chauffant du produit porté. Fabric which increases the warming effect of the worn product.	[Red bar from 1 to 4.5]				

## MEMBRANES ENDUCTION COATING

	1	2	3	4	5
BW Tech : gamme d'inserts étanches et respirants développés par Bering BW Tech : range of watertight and breathable inserts developed by Bering					
Made in BERING <b>BWtech 100</b> Breathable, windproof, waterproof	[Dark blue bar from 1 to 5]				
Made in BERING <b>BWtech 100+</b> Breathable, windproof, waterproof	[Dark blue bar from 1 to 5]				
Made in BERING <b>BWtech 500</b> Breathable, windproof, waterproof	[Dark blue bar from 1 to 5]				
Made in BERING <b>BWtech 1000</b> Breathable, windproof, waterproof	[Dark blue bar from 1 to 5]				
<b>GORETEX®</b> Technologie imperméable et respirante. Waterproof and breathable technology.	[Dark blue bar from 1 to 5]				

## MATIÈRES POUR LE RENFORT MATERIAL FOR REINFORCEMENT

	1	2	3	4	5
<b>ARANIAM®</b> Tissu monocouche bi-face composé de Kévlar® et de polyester haute ténacité, développé et fabriqué en France. Araneum is a two-side single layer fabric made of kevlar and high tenacity polyester developed and made in France.	[Green bar from 1 to 5]				
<b>ARMEX</b> Fil polyester renforçant. Reinforcing polyester thread.	[Green bar from 1 to 5]				
<b>FIBRE TECH REINFORCED</b>	[Green bar from 1 to 5]				
<b>PORON®</b> Haute protection à l'impact. High impact protection.	[Green bar from 1 to 5]				
<b>SUPER FABRIC®</b> Résistance à la perforation utilisée pour les gants. Resistance to perforation aused for gloves.	[Green bar from 1 to 5]				

## ACCESSOIRES / ACCESSORIES

### 3M SCOTCHLITE®

Réfléchissant haut de gamme.  
High-end reflective brand.

### ADS

Système de réglage permettant d'ajuster le vêtement à sa morphologie.  
Adjustment system to adjust the clothing to morphology.

### ADT

Système de serrage adaptable.  
Tightening system.

### SAFETECH®

Haute protection à l'impact.  
High impact protection.

### WIND STOPPER®

Membrane coupe vent.  
Wind stopping membrane.

### YF PROTECTOR®

Marque de protection.  
Protection brand.
